

## WHAT TO EXPECT DURING THE 2007-08 REGISTRATION SEASON

It is not too early to be thinking about the 2007-08 registration season. In fact, it is only a couple of months away. Here are a few things you can expect as a result of the direct registration program.

1. You should be receiving your 2007-08 registration information in the mail in early August. All officials who were registered last season will be receiving a reminder postcard and e-mail regarding the online registration program. There will be no hard copies of the application sent out, but a limited supply will be available upon request and at the seminars for those who do not wish to utilize the online system. If you do not receive this information, be sure to go to [usahockey.com](http://usahockey.com) to get all of the current registration information.
2. The Fall issue of STRIPES will be e-mailed separately. Detailed registration information will be included in STRIPES and all seminar listings and local contact information will be posted on [usahockey.com](http://usahockey.com) in July.
3. The postcard that is sent will specify what level you are eligible to apply for and will have your USA Hockey Official's number listed. It is important that you apply for that level, or a lower level, in order to expedite the registration process. However, for those who are applying for a lower level, you should note that you will not be able to upgrade your application to a level you are eligible for once we have received your application.
4. When you receive your registration information, immediately pick out the seminar date and location you plan to attend and mark that in your calendar. For those areas where seminar pre-registration is mandatory, be sure to sign up for your seminar early so space is available for you. This will help ensure you won't be stuck toward the end of the registration period without having met your seminar requirement. Once your application (and appropriate fee) is received in the National Office, information on your open book exam and other information will be sent to you for completion.
5. Only brand new officials and officials who register via hard copy will be sent a hard copy of the exam. Those who register online will be sent information on completing the exam online via email. There are several changes to the online exam that are being made to make it more user-friendly and easier to complete. More information regarding the online exam and instructions how to best use this process will be included in the Fall issue of STRIPES and the exam information sent to each official.

Plan on getting an early start toward next year's registration.
